### **AWARDS AND RECOGNITIONS**

- Texas A&M University Fish Camp Namesake 2023-24

Individuals are nominated by someone who felt that we made a positive impact on Texas A&M University, its students, and the community. My nominator submitted a nomination on my behalf and detailed my integrity, my selflessness, and my heart for mentorship to current and future Aggies. I was selected to have 1 of 52 camps this year named in my honor to impact the Texas A&M University Class of 2028.

- **Mentee - American Academy of Health Behaviors (AAHB) Research Scholars Mentorship Program (RSMP)** 2022  
Mentees are selected from a competitive pool of junior-level health behavior researchers within AAHB for a 12-month mentorship program. The purpose of the RSMP is for Senior investigators from AAHB (mentors) to partner with and mentor selected junior investigators (mentees) in the production of high-quality scholarly research-based products that address any area of health behavior-related research. The overarching goal of the RSMP is to promote excellence in health behavior research among Academy members.
- **ADVANCE Diversity Champion** 2021  
A special recognition at Texas A&M University designed to identify and celebrate individuals who are making meaningful contributions to diversity and inclusion efforts at Texas A&M. This designation recognizes individual efforts helping to change the institutional culture at Texas A&M and serves as a micro-affirmation to counter the micro-aggressions that faculty from underrepresented groups experience on a regular basis.
- **Kay and Jerry Cox Fellow, Texas A&M University College of Education and Human Development** 2021  
The fellow is presented to promising future faculty and researchers in the College of Education and Human Development aimed as jump-starting faculty careers by matching new assistant professor ranked faculty with more tenured faculty. The fellow is designed for faculty who are looking for the perfect combination of empirically tested methods to improve research productivity through intense accountability, coaching, and peer support and to propel work-life balance and personal growth to a whole new level.
- **University of Kentucky Deans' Interprofessional Honors Colloquium and Center for Interprofessional Health Education, Department of Kinesiology and Health Promotion Student Nominee and Affiliate** 2017  
Deans within the Colleges of Communication & Information, Dentistry, Education, Health Sciences, Medicine, Nursing, Pharmacy, Public Health, and Social Work recognized and nominated outstanding students to this program in order to support collaborative interprofessional practices targeting modern health issues. This colloquium provided an interactive, seminar-based forum in which students explored and presented on their concerted, practical approach aimed to address local and national substance abuse issues.
- **John Edwin Partington and Gwendolyn Gray Partington Scholarship** 2017 - 2018  
Established in 1998, this scholarship is awarded by the College of Education at the University of Kentucky to honor graduate students for their academic achievement and recognition as a leader in the College of Education.
- **Ronald E. McNair Post-baccalaureate Achievement Program Scholar** 2010  
Awarded by West Texas A&M University and faculty within the Sports and Exercise Sciences Department to nominate and "prepare qualified undergraduate students for doctoral studies through involvement in research and other scholarly activities. The goal of the McNair program is to increase graduate degree attainment of students from underrepresented segments of society."
- **Allene Stovall Scholar, West Texas A&M University Sports and Exercise Science Department** 2010  
Recognizes students in the Sports and Exercise Sciences department for school achievement and recognition. This scholarship is awarded by the department head.
- **Valedictorian, Hart High School** 2007  
Awarded for having the highest rank in a graduating class and recipient of a one-year, full-tuition paid scholarship to any public university in the state of Texas.

- **American Legion Boys State** 2006  
Recognizes students in an upcoming graduating class for their excellence and nominates them to participate in a governmental imitation program in Austin, TX. Here, each student becomes a part of the operation of his local, county, and state government to create local and statewide infrastructure, develop and approve policy platforms, and hold elections. This award is granted by each regions local American Legion.

## **PROFESSIONAL TRAINING AND CERTIFICATIONS**

- **HIV and Drug Abuse Prevention Research Ethics Training Institute (RETI)**  
*(July 2023, July 2024)*  
The *RETI* provides early career investigators in the social, behavioral, medical and public health fields with an opportunity to gain research ethics training. The intensive summer training program addresses the need for drug abuse investigators who can identify and address ethical issues, engage drug-using and other at-risk communities in the construction and evaluation of population-sensitive research protections, and generate empirical data to inform ethical practice and policies for drug abuse prevention science.
- **Great Lakes Prevention Technology Transfer Center Network**  
*(Cannabis: New Conversations for a Changing Landscape – Attended – August 16, 2022)*  
Participants in this summer training workshop researched modern marketing trends and learned about effective prevention strategies for a variety of cannabis regulatory frameworks. Additionally, participants learned how to craft messages that can resonate with a range of audiences and curate content from available tools and resources in the prevention field.
- **Brown School Systems Science for Social Impact Summer Training Institute**  
*(Attended - July 25-29, 2022)*  
Participants in this week-long summer training workshop received hands-on introduction to systems science methods to enhance the social impact of health and social science research. Led by an experienced systems science researcher (Dr. Doug Luke), this training institute featured in-depth training in Social Network Analysis, including applying analytic best practices and real-world data methodological application.
- **Brief Alcohol Screening and Intervention for College Students (BASICS) Training**  
*(Certified 2018)*  
Participants in this week-long facilitator training program learn how to utilize pragmatic, harm-reduction techniques, such as consciousness raising, Brief Motivational Interviewing (BMI), and personalized written feedback assessments to aid in the prevention and treatment of alcohol abuse among college students. This non-confrontational approach aims to change a student’s alcohol-use behavior by attempting to activate and increase an internal motivation to change.
- **Cannabis Screening and Intervention for College Students (CASICS) Training**  
*(Certified 2018)*  
Participants in this week-long facilitator training program learn how to utilize pragmatic, harm-reduction techniques, such as consciousness raising, Brief Motivational Interviewing (BMI), and personalized written feedback assessments to aid in the prevention and treatment of cannabis abuse among college students. This non-confrontational approach aims to change a student’s cannabis-use behavior by attempting to activate and increase an internal motivation to change.
- **Graduate Certificate in Research Methods in Education**  
*(Received 2017)*  
A certificate earned from the University of Kentucky College of Education and Department of Educational Policy Studies and Evaluation that specializes in education research methods. This certificate focuses on providing a foundation in a range of approaches to research, including quantitative methods, assessment, evaluation, and measurement, which can be applied at the introductory or advanced level and can be applied to a host of disciplines (e.g., social sciences, physical sciences, K-12 instruction/administration, business).
